

Floress

Chelated Nutritional and Biostimulant

GUARANTEED ANALYSIS:

Calcium (Ca)	4.00%
4.00% Chelated Calcium (Ca)	
Magnesium (Mg)	1.00%
1.00% Chelated Magnesium (Mg)	
Boron (B)	1.00%
1.00% Water Soluble Boron (B)	
Molybdenum (Mo)	0.020%
0.020% Water Soluble Molybdenum (Mo)	

Derived from: Calcium glucoheptonate, Magnesium Glucoheptonate, Sodium Borate, Sodium Molybdate, and *Ascophyllum Nodosum*.

NON-PLANT FOOD INGREDIENTS

Organic Acid Extract	0.75%
----------------------------	-------

Derived from: Humic Acid from North Dakota Leonardite Shale

DIRECTIONS FOR USE

Citrus: 2-4 quarts per acre pre-bloom prior to early pinhead in sufficient water for thorough coverage

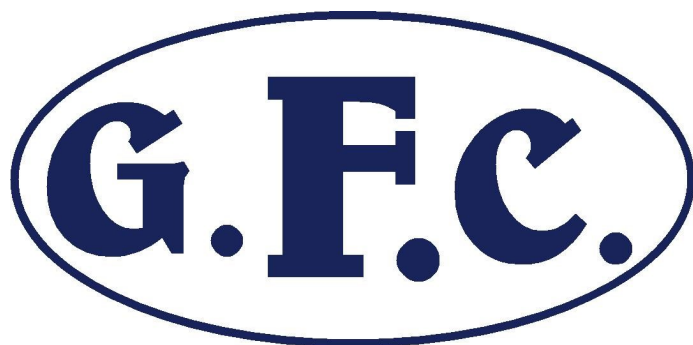

Vegetables: (cucurbits, brassica, solanaceae) 1-2 quarts per acre prior to bloom in sufficient water for thorough coverage

Turfgrass: 3-6 oz per 1000 sqft in sufficient water for thorough coverage

SPRAY RECOMMENDATIONS

Use sufficient water for thorough and uniform coverage of foliage or soil. Always make a bench test to check compatibility. Avoid tank mixing with heavy-phosphate fertilizers or alkaline products. Apply in early morning or late evening, avoid excessive heat or dry conditions. Using a non-ionic surfactant will improve coverage.

Manufactured By:
Glades Formulating Corp. (F-1811)
PO Box 1690
Belle Glade, FL 33430

G.F.C. Floress is a micronutrient spray compound chelated with glucoheptonates and enhanced with a blend of biostimulants. The biostimulants in this product contain amino acids and carbohydrates to enhance biological activity and production of enzymes within plants. The organic acid extracts aid in the uptake and translocation of nutrients within the plant. *Ascophyllum Nodosum* is a natural seaweed-derived extract that aids in the break down of complex energy molecules within the plant, enabling the plant to quickly absorb and transport nutrients. These biostimulants have a synergistic effect, and the combination of micronutrients and biostimulants is designed to help supplement and correct micronutrient deficiencies, and stimulate growth, especially in times of stress.

CAUTION

Keep Out of Reach of Children

IN CASE OF CONTACT

Ingestion: Drink 2 glasses of water or milk if conscious. Seek immediate medical attention.

Eyes: Rinse with clean water for 15 minutes. Seek immediate medical attention.

Skin: Remove contaminated clothing. Wash with soap and water. Seek medical attention.

Storage: Store in cool place in original container in locked area inaccessible to children, pets, or wildlife.

Disposal: Triple rinse empty containers, and offer for recycling or disposal by federal, state, and local approved procedures.

CONDITIONS OF SALE: Glades Formulating Corporation (GFC) warrants that this product will conform to label description and is reasonably fit for purposes state on the label when used in accordance with directions under normal use. This warranty does not extend to use of this product contrary to label instruction, or under conditions not reasonably foreseen by GFC. Buyer agrees to inspect all products purchased immediately upon delivery. GFC DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSES. GFC SHALL NOT BE LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, AND GFC'S SOLE LIABILITY AND BUYER'S AND USER'S EXCLUSIVE REMEDY SHALL BE LIMITED TO THE REFUND OF THE PURCHASE PRICE.
